Faculty Positions in Department of Engineering Science National Cheng Kung University

The Department of Engineering Science (DES) at the National Cheng Kung University (NCKU) invites applications for tenure-track faculty positions at all professional levels. The DES, established in 1965, is the first multidisciplinary department in Taiwan and our programs have been ranked consistently among the best engineering departments in the world. We seek to attract exceptional candidates with interests and expertise in the areas of Control Engineering and Wireless Communication; but preference will be given to candidates whose research lies on one of the following areas: Robotics, Unmanned Vehicle, 5G/6G Wireless Communication. Candidates must hold an earned Ph.D. in Electrical Engineering, Mechanical Engineering, Aerospace Engineering, Communication Engineering, Information Engineering, Engineering Science or a related field by the beginning of employment.

Applicants should send the following items:

1. A curriculum vitae, a research statement, and a teaching statement.
2. Three reference letters
3. A copy of doctoral degree certificate
4. A copy of academic transcripts (both undergraduate and graduate studies are needed)
5. Five selected publications.
6. Others (e.g. patent, award, etc.)

Applications must be received by **Sep 30, 2022** by mail at the address below
